

CHEESE FONDUE AT AUGUSTA  
ESTATE  
22ND JULY 2017

The atmosphere outside may have been a bit on the cool side, but in the very inviting function room of Augusta Estate, this was certainly not the case.

Arriving at 6 p.m. the Committee had done a sterling job of setting out the tables, chairs etc., and with 60 Members and Guests, the laughter and greetings were electric. And in the background lovely strains of Swiss music helped create the atmosphere. Everyone was in jovial mood, and it wasn't too long before the wine corks were popping and the Fondue sets were bubbling away. I have to mention also that with the 'grown-ups' attending, there were also 5 or 6 children in ages ranging from 4 years to 10 years and they were impeccably behaved - a credit to their parents, and as future Members of the Swiss Club Natal!

Philippe thanked the Committee for all their assistance in setting up the room and organising this event. He then introduced our guests of honour Mr Hans-George Bosch (Delegate for the Council of the Swiss Abroad) and Mr Francois Duvanel (Head of Regional Consular Center Southern Africa); both gentlemen gave an interesting and brief talk to up-date the Members with regards to a collection of data in respect of many aspects for Swiss Nationals. To this end, and in the very near future, exact copies of their detailed and very important information will be sent to all Members by email.

After the interesting talks, the evening continued in a very light-hearted manner - a great success.  
Here's to the next Fondue Evening!

Kind regards

Sheila
